December 2010

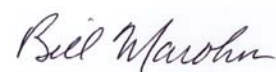

*Dear Friends of St. Joseph
Public Schools Foundation,*

As we look back on the past year, the Foundation once again was able to close financial gaps in our school district that traditional funding no longer fills. Thanks to the generosity of our donors and community sponsors (listed on the back of this report) we were able to contribute more than \$90,000 to our schools in 2010. This money was used to fund 30 teacher grants, language arts materials, literacy centers, math extensions, heart rate monitors and laptop computers for our Middle School teachers. We were also able to sponsor a World Language pilot thanks to money raised through our successful American Girl Fashion Show.

As we look to the future, we will continue to fund the educational enhancements our students need. But we are also looking to help implement One-on-One Computing in our district. This impressive program will prepare our students to compete in a global market by providing each of them with a computer or digital learning device.

In closing, I would like to thank everyone who contributed his or her time or financial resources to the district this year. Our schools could not have provided their levels of excellence without you. As we continue forward, if you have ideas for ways to enhance our students' learning experiences, please contact me or any of our 21 dedicated Foundation board members.

Many thanks,

Bill Marohn, President
St. Joseph Public Schools Foundation

If you share our passion for St. Joseph Public Schools, we welcome your help.

There are many ways you can share your passion for educational excellence in our district. Volunteer your time on one of our committees, join our members' support group or provide a gift from our "Wish List." Financial contributions, memorials and honorariums are always appreciated. And if you, or someone you know, would like more information about how you can influence excellence in our schools for generations to come, contact us about our planned gift and endowment opportunities.

The Foundation also seeks new ways to enhance our students' education. We encourage parents, students and community members to send us ideas. You may submit your grant applications on Feb. 1 and Oct. 1 each year.

If you would like more information about our grants or the impact the Foundation is making on our staff's and students' lives, visit www.stjosephpublicschoolsfoundation.org or contact any board member.

2010 Donors thank you for enhancing our students' education
